

Welcome Statement of Faith Lutheran Church

We at Faith Lutheran Church believe every person is a gift, a unique and beloved child of God.

We embrace the call of Jesus to welcome people of all sexual orientations, gender identities, gender expressions, races, cultures, ages, physical and mental abilities, and economic status. We are dedicated to the work of anti-racism, social and economic justice, as well as environmental care. We do this work with the guidance of the Holy Spirit.

We invite individuals and families of all types to fully participate in worship and the community of Faith. We celebrate and give thanks for each person's diverse gifts and perspectives. Jesus invites us all to the Table and to the life of the Church.

We remember God's love and grace are gifts as we aspire to live out the greatest commandment: love one another.
